

NEW YORK PURCHASE SALE

EMBRACING A HALF MILLION DOLLARS WORTH OF SEASONABLE WANTED MID-SUMMER MERCHANDISE

An Annual Midsummer Selling Event
That Carries With It Substantial
Savings.

All New Crisp Merchandise, the Kind You
Want Today—Greatly
Underpriced.

CONTRARY to majority of stores' policies at this time—closing out odds and ends—we go to the markets, purchase fresh, crisp new merchandise which we are able to secure at greatly lowered prices, as the majority of manufacturers are anxious to dispose of stocks on hand.

WITH the present unsettled market conditions and money matters as well, our task was easier than usual, and we can assure you that prices will prevail during this sale that will remind you in many instances of before the war days (normal times). Anticipate your needs for months to come.
